From the Desk of Our Executive Director...

I pray this message find you and yours in great health in your body, your spirit and your mind, and I pray that it finds you and yours safe.

Serving others in a spirit of L.O.V.E. is essential when it comes to serving the community, and although it takes money and tangible resources to help and serve people, one must have the “Love” for people as their foundation and not a love for money and recognition. Whether you are serving people in your community, your church or the company that you work for, I have learned that when it comes to serving others, people do not care about how much you know or how much you can do for them more than they care about that you care about them as a person first.

“People want to know that you want to help them because you care and want the best for them and not because you feel sorry for them..”

Although there are many acronyms for the word “L.O.V.E.” I just wanted to share my acronym for “L.O.V.E” when it comes to serving the community.

**1 Corinthians
13:4-8**

**Love is patient,
love is kind.
It does not envy,
it does not boast,
it is not proud.**

**It does not
dishonor others,
it is not self-
seeking,
it is not easily
angered,
it keeps no
record of wrongs.**

**Love does not
delight in evil but
rejoices with the
truth. It always
protects, always
trusts, always
hopes, always
perseveres.
Love never fails.**

L – Love must be the foundation when it comes to serving others and one will know when they are truly serving others in “Love” because patience and kindness will be present in the service that they are providing. One will also know if they are serving in “Love” because envy, boasting, pride and self-seeking motives will not be present. And lastly, one will know that “Love” is their foundation when it comes to serving others because in addition to patience and kindness, protection, trust, hope and perseverance will also be present.

O – Offer to sincerely help people that can directly benefit from the services that you are offering the community. Therefore, do not serve others just to say that you help people but be intentional and help others with purpose and on purpose by first finding out what type of help is needed.

V – Value and care about the people that you serve more than you care about counting them as a number and quota for the purpose of applying and obtaining grants and funding or taking pictures of them for publicity and recognition for what you did/do for them.

E – Educate, Equip and Expose the people that you serve with resources, services, and information and tools that they can utilize to enhance their quality of life. And remember that sometimes people do not do because they do not know what to do or how to do it.

With a Serving Heart,

Pendlove

Shirley Cares Outreach Program

July - September
 3rd Quarter Community Outreach Events...

Our Shirley Cares Community Outreach 2022 "Showing Seniors Love, Just Because!" Event was held at a local senior independent living community on September 23, 2022. Oh what a joy it was to serve a carnival style lunch for 100 seniors. Not only did the seniors and staff enjoy great food and a photo back drop from LBE Catering and Events, they enjoyed winning gift cards to local restaurants that were sponsored by Janice Williams Consulting and "Seniors Rock!" T-Shirts that was sponsored by J&D Home Care Agency, and although the food and giveaways were a hit, the seniors really enjoyed the music hits that were being played by "The Chosen One" DJ Services, that was sponsored by Telisa Franklin & Company. The Oak Street Health Clinic came out and provided the seniors with blessings bags and the Shelby County Community Service Agency came out to inform the seniors about their medical prescription assistance program.

We believe that community support makes our organization go round! and we are forever grateful to each every one of our event sponsors and community supporters for helping our organization make this purposeful senior community event a success, Joyce Kyles Consulting, Telisa Franklin & Company, LBE Events and Catering, J&D Home Care Agency and Janice Williams Consulting.

Santa's Helping Hands

COMING SOON!

www.pendloveinc.com

Can We Count On Your Support This Year?

Christmas is a time that our organization love on seniors who reside in long term care communities through our Santa Helping Hands Initiative. Santa Helping Hands allows us to bring a personal touch to seniors by directly providing them with some outside contact as well as with tangible gifts to let them know they are loved and not forgotten.

During the Christmas holiday, our organization work closely with local long term care communities to adopt under-resourced seniors who do not have a family support system, unfortunately, these are seniors who never receive greeting cards, letters, phone calls, visits, or gifts from their family or friends throughout the year and especially on Christmas Day. You can help us put a smile on a senior's face by lending Santa a helping hand by adopting a senior.

Here are two (2) ways that you can help:

- **Donate \$50.00 for each senior you would like to adopt and we will shop for the requested items on your senior(s) "Wish List". We will also ensure that your gifts are delivered to your senior on your behalf. Your donation can be mailed to Pendlove Inc., 1901 Brandon Circle, Memphis, Tennessee 38114, or made online at www.pendloveinc.com or contact us directly if you would like to give by Paypal or Cashapp.**
- **If you would like to personally shop for your adopted senior, please send an email to jsharkey@pendloveinc.com stating that you would like to adopt a senior for the holidays and we will send you a "Wish List" for your senior.**

***For more information on how to adopt a senior for Christmas, please contact Jaria Sharkey by email at jsharkey@pendloveinc.com or by phone at 901-744-6327.**
